

▪ **Current Allocation**

- 100W ERP
- Five discrete 2.8 kHz channels
- Frequencies are what your display reads in USB

▪ **ITU WRC-2015 Allocation**

- 9.15W ERP
- Single continuous 15 kHz span
- Four discrete channels eliminated (bottom 2 and upper 2)

▪ **ARRL Proposal**

- 100W ERP
- Four discrete channels (bottom 2 and upper 2) plus continuous 15 kHz span
